## PRACTICAL INFORMATION

As we requested in the "Message from Ávila" (April, 2025), we invite you to create a **translation team**. You can also use **automatic translators** (e.g., "DeepL Pro"), which make the work much easier. However, the texts always need to be reviewed afterwards. If any Federation or Association has economic difficulties for this, they can communicate this through the Commission email.

We ask the presidents to send the communities all the translated files in a single **emailing** to facilitate the work of the Sisters. **The deadline for communities to receive them is December 14, 2025.**

**The Responses** from the Federations and Associations must be sent to **the Commission's** email address ([commissionocd@gmail.com](mailto:commissionocd@gmail.com)) **before March 31, 2026**. No more than **two pages**, in **PDF or Word** format, in **Spanish or English**.

We ask the presidents to share the synthesis of the responses with all the communities in their Federation or Association.
